

As the Director of Central Services for Seminole County Government, I am pleased to provide a letter of recommendation for ZHA Incorporated and Andrew L. Brooks, P.E., who has served as Project Manager for a majority of County projects in which ZHA was involved.

ZHA's relationship with the County began in 2001 when the firm was selected to provide Owner's Representative and project management services during design and construction of a new Criminal Justice Center and also for the renovation and expansion of an existing Juvenile Justice Center. As a result of ZHA's professionalism, expertise and commitment, the projects were completed on time and within budget. In particular, ZHA's project manager, Andrew Brooks, was vigilant in his coordination of the contractor's and subcontractors' work to ensure the successful completion of these projects.

The County continues to call on ZHA to provide various services including project management, master planning, area development planning, land use planning and analysis, and visioning and consensus building for a variety of projects. Some of the most notable projects include: Seminole County Five Points Master Plan which looked at consolidating County departments dispersed throughout the County and accommodating growth for the next 40 years; Seminole County History Center Expansion which provided additional exhibition space, classroom space, a research room, a workroom, a gift shop and support areas to an existing museum structure; site analysis of various potential sites for relocation of County departments; and on-call project management for a variety of capital improvement projects including parks, libraries and fire stations. The range of project values has been from \$15,000 for minor projects to \$43.6 million for large-scale construction projects.

The depth and breadth of the professional and support staff at ZHA has been key to our successful relationship and has proven to be a valuable asset to the County. I highly recommend ZHA and its professional staff to any public or private organization to assist in the planning and management of their projects.

Meloney C. Lung  
Seminole County Government

The ZHA logo consists of the letters "ZHA" in a bold, white, sans-serif font. The letters are positioned above a horizontal white line that extends slightly beyond the width of the text.
