

The team at ZHA worked on our behalf to assess replacement costs for six Charlotte County schools that were destroyed by Hurricane Charley. They developed comprehensive cost models that provided replacement cost estimates. Subsequently, ZHA assisted in helping to secure funding for the replacement of these facilities by packaging the cost estimates and other required reports and data into an organized packet to submit to FEMA. The data they provided, and their timely follow through during the review process helped secure FEMA approval for all six of our Projects. ZHA's assistance with coordinating this entire process contributed a great deal towards our ability to reconstruct these six schools as quickly as possible.

Gregory S. Griner, Chief Financial Officer  
Charlotte County Public Schools

The ZHA logo is located in the bottom right corner of the page. It consists of the letters "ZHA" in a bold, white, sans-serif font. The letters are slightly shadowed, giving them a three-dimensional appearance as if they are floating above the purple background. The "Z" and "H" are connected at the top, and the "A" is positioned to the right of the "H".
