

ZHA has a fine reputation in Central Florida and is considered one of the top construction consultants and management firms in our community. Among their many successful projects, they have been the owner's representative for Orlando International Airport for many years. They have also been the owner's presentative for the Hyatt Regency [at] Orlando International Airport as well as the owner's representative for Phase I, II, III and IV of the Orange County Convention Center, which is directly across from The Peabody Orlando. This was one of the most ambitious and costly public construction projects in our community's history.

I would highly recommend ZHA for any project where construction expertise, political sensitivity and tight budget and deadlines are required.

Alan C. Villaverde, Former General Manager/Executive Vice President
The Peabody Orlando

The ZHA logo is located in the bottom right corner of the page. It consists of the letters "ZHA" in a bold, white, sans-serif font. The letters are slightly shadowed, giving them a three-dimensional appearance as if they are floating above a dark surface. The background of the entire page is a solid purple color, and there are several white diagonal lines in the bottom right corner that create a sense of motion or depth.
